## PRESIDENT'S MESSAGE 2019

Well hello to all - I hope you are wintering well. A few hardy souls have been braving the snow and cold this winter to enjoy some target shooting at our ranges. It will soon be spring and more of you will be thinking of going to the range to do some shooting. Remember to sign in and to have any guests also sign in.

The slow workings of government are still moving in a positive direction. Our latest update on the proposed expansion and upgrade of our range is that a long term agreement is close at hand. We just need the M.O.E. legal department to complete the drafting of the agreement, which could take some time. To quote an old saying, "there is light at the end of the tunnel, and this time I don't think it is another train!"

As soon as the weather improves, we will have the area for the proposed clubhouse and caretaker's residence surveyed.

After that, it will be time to regroup and begin to lay out plans for our range improvements. A notice will be sent to members of any work parties this spring, so if you can spare some time it will be greatly appreciated.

Our club schedule for 2019 is now posted on our web site. It looks like we are in for lots of fun and friendly competition again this year. If you have not been out to watch the various shooting disciplines yet, please do so and bring a friend. Each discipline will welcome new faces that show an interest in how that discipline works. And you never know, you might just see something that really interests you and begs to have a try!

Remember to be forever vigilant for safe gun handling practices, and never afraid to speak up if something makes you feel uncomfortable. We are one of the safest of outdoor recreations, and part of that is be-

cause we help each other make it that way.

The prospect of more onerous gun laws is drawing near, so I again urge you to be vocal and write letters expressing your feelings about proposed gun legislation. We must constantly remind those in office that we are not the criminals, and should not be singled out by ill thought out proposals.

I encourage you to bring a friend or youngster to the range this year and introduce them to the enjoyment of our sport. Shooting is a lifetime sport, enjoyed by young and old.

Remember, while using our ranges, be safe, have fun, BE SAFE!

~ HCGC President Jim Sloper

## PISTOL NEWS

As part of its expansion of Slimline pistols in early 2019, Glock announced the launch of the new G48, chambered in 9 mm. This unique pistol stands out, dimensionally speaking, because it's unlike any other pistol in the Glock lineup. There's a reason for that: it's made for Canada.

Canadian gun laws specify that handguns sold to the general public must have a barrel length no less than 105 mm in overall length. To overcome that particular hurdle, the Glock G48 is equipped with a barrel length of 4.18 inches. In

metric, that converts to (you guessed it) 106 mm, stepping just over the line for legal sale in Canada.

~ **HCGC Pistol Director Dave Howe**

**G48**

## UPCOMING EVENTS AT THE RANGE

- **Black Powder:** Spring Fling April 12–14
- **Black Powder:** 26th Annual Cartridge Rifle Silhouette Shoot June 13-16
- **Cowboy Action:** Provincial Championship (Palmer's Gulch) June 25-July 2
- **Rifle:** .22 Novelty Fun Shoot July 13
- **Black Powder:** Heffley Creek Rendezvous Aug 21-Sept 3
- **All Disciplines:** Family Fun Day Sept 28

## SHOTGUN NEWS

We will have the tower open on Wednesday and Saturday if members would like to shoot. We are there from 9 am until noon.

Please contact myself or Rob the night before to confirm. Cost of around of 25 clays is remaining at \$ 4.00 dollars and may be adjusted when we start

using the new shipment. Shooters to supply their own shells, trap loads only.

~ **HCGC Shotgun Director**  
**Brian Erickson**

The tower in the second level position. While it seems counter intuitive- the clays are harder to hit when closer to the ground and easier when launched at the higher levels.

~ **HCGC Shotgun Director**  
**Robert Palmer**

## MEMBERSHIPS

- Please remember that all memberships are due January 1, 2019.
- We have 191 members to date
- 14 are new members
- 12 are juniors

## WHAT'S NEW?

- To date 275 shooters have signed in since January 1, 2019
- New garbage cans have been donated by Kamloops Parks
- 2 new pistol stands have been built
- To date 19 new orientations

## RANGE MARKERS INSTALLED AT RIFLE RANGE

Heffley Creek Gun Club Rifle Directors Wade Lehto and Lawrence Bergstrand have installed range markers at the rifle range at 25m, 50m, 100m and 200m. Please don't shoot the signs.

800 M Steel sawblade

700 M Steel sawblade

600 M Steel sawblade

500 M silhouette stand and steel

385 M silhouette stand and steel

300 M silhouette stand and steel

200 M target board and chicken steel target

100 M target board

50 M target board

25 M target board

Rifle benches

## Cowboy Report

It's almost time for Cowboy Action at Heffley Creek. YeeHaw!! As the weather improves we will soon be able to access the Cowboy Stages at the top of the range. As most of you already know, the only time that this area is guaranteed to be available is on the third Sunday of each month (excluding May of course, due to cattle on the range). You are welcome to use the upper range area at other times as well, however to do so you must close the rifle range before proceeding up there and are required to leave if someone wants to use the rifle range. And a reminder to the rifle enthusiasts, **TO RE-OPEN THE RIFLE RANGE, YOU ARE REQUIRED TO INFORM THE SHOOTERS UP RANGE OF YOUR INTENT, AND GIVE THEM TIME TO PACK UP AND LEAVE.** This is a severe safety issue and must be adhered to. We hope all range members remember these safety protocols and use them.

It is hard for Cowboy shooters to get an opportunity to practice, due to the location of the cowboy targets and the safety protocols. Due to this issue, the Board of Directors have agreed to allow us to build a practice bay at the pistol range. This area on the far end of the pistol bays will have a wall set up for staging of your firearms and will be provided with steel targets for shotgun, pistol, and pistol caliber rifles. As a reminder to all members wishing to use this area, it is important to remember that target steel is expensive and does not stand up to jacketed or high velocity rounds. Please respect your clubs property. Construction on this area will start as soon as the weather improves.

Any club members wishing to take a crack at Cowboy Action are welcome to contact Jim Day at 250-579-5276 and I will be happy to arrange a meeting and have the appropriate firearms available for you to give it a try, or just show up on a cowboy Sunday and we will set aside some time for you to try it out. Have a safe and fun shooting season. ~ **HCGC Cowboy Director Jim Day**

# Huntsman World Senior Games October, 2018, Utah

by Hans Signer, AKA Dutchie

On October 6<sup>th</sup>, 2018 Gunfighter Jim and I left for St. George, Utah to attend the World Senior Games Cowboy Action Shoot. On site, we met Lady Shuswap, Doc Morgun Smith, Sunwapta Hayes and Talisker. As it turned out, we were the Canadian representatives in this event in the games, and all 6 left St. George with a medal around their necks!

On October 9<sup>th</sup>, the first day of the games, we started with a four stage Wild Bunch side match as well as other side matches. The same evening, during the opening ceremonies, the cowboys were well represented among competitors from the 32 countries/42 various sports and the ceremony was amazing to watch. There was lots of music, dancing and speeches which were to the point and entertaining. At the end, there was a nice fireworks display to close the night. The next four days kept us cowboy shooters busy with a 12 stage main match, more side matches, long range shoots and a fun shotgun challenge. If you are on the slower side of reloading your shotgun, (hammered double) the fliers are going off in front and on the side of you and you can watch them disappear on the horizon before you are able to engage them; however there are always other targets.

Then the day came when the top gun shoot out was on our schedule. Everyone can enter, so we all did. It was set up for 2 sweeps of 5 with pistols; then 4 shotgun knockdowns; and 5 small rifle target knockdowns; and finally one rifle reload for the last drop plate. These last falling targets overlap so the winner is easily spotted by being on the bottom. A missed rifle and shotgun target could be engaged by reloading one round per missed target on the clock. The pairing of competitors is by random draw. Gunfighter Jim and I had a go at it and I happened to come out on top this time. Then the hammer came down on me and I was drawn to shoot against JT Wild, a top shooter that is very fast. We joked around, teasing over girly guns vs man sized guns and so on and so forth. Jim knew JT from before and knew that he always shot quick, right up until the last target waiting for the slowpoke competitor(me in this case) to catch up. Then, he would drop the last target, just before the other guy. Jim came up with a plan to distract JT while he was waiting for me. So, we banged along and sure enough JT could have eaten dinner while waiting for me to catch up.

Jim approached JT and asked if he was allowed to take his picture – JT as a good sport, played along, posed and promptly missed the time to finish me off. My plate fell first and that round went to me. So now, while the whole thing had very good entertainment value for the spectators, it was kind of unclear if JT was actually really distracted or he just let me win. For me, it was the latter, he probably knew I could use some more practice. The next round I lost so it came to who will win 3<sup>rd</sup> place. Sunwapta Hayes came through on his previous rounds so 2 Canadians had to shoot it out. The cards were in my favor this time. What a rush! Even with that dubious second round, it was a hoot and very entertaining for the audience.

JT Wild is the epitome of what SASS members should be. He lives the “Cowboy Way”, and exhibits the coveted “Spirit of the Game”. JT is a great ambassador to the Dixie Desperados Club!

Another observation I made was the competitiveness of these senior shooters. Do not get the idea that old fellows are slow. They might be somewhat slow to get set up, but, as soon as that buzzer goes, they become 20 years young again until the last shot is fired. Some of them can sure kick butt along with the younger cowboys and cowgirls!

**~ HCGC Cowboy Director Hans Signer**

# HEFFLEY CREEK GUN CLUB

## HEFFLEY CREEK GUN CLUB SAFETY RULES

1. Treat every firearm as if is loaded. NEVER ALLOW A FIREARM TO POINT AT YOURSELF OR AT ANYONE ELSE.
2. Every time you handle a firearm, for any reason, check to see that both the chamber and the magazine are empty.
3. All firearms when not on the firing line will have the action open, chamber and magazine empty.
4. Firearms will be carried with the muzzle pointing up. If this not practical then the muzzle pointing down. Firearms will not be carried in a horizontal position.
5. A red flag means the range is hot and firing is in progress. A green flag means the range is safe and you may go ahead and set targets, set steel etc. All firearms must be unloaded and removed from the firing line before anyone goes ahead of the firing line. Do not handle your firearms while anyone is ahead of the firing line. Do not change a flag until you are sure it is safe to do so.
6. Loading will be done on the firing line with the barrel pointing down range. Muzzleloaders are an exception and will be loaded behind the line. Priming and capping will be done on the firing line with the barrel pointing down range.
7. If a firearm becomes inoperable on the firing line it will be unloaded and removed from the line. If because of a jam or for some other reason it cannot be unloaded in a reasonable amount of time, then after alerting the other shooters, it may be removed from the firing line and taken to a safe place to be worked on. When a firearm is being unloaded in the manner care must be taken to keep the barrel pointing in a safe direction at all times.
8. When two or more people are at a range, then one of them will assume the duty of RANGE OFFICER. This is usually the first to arrive, or may be by mutual consent. It is the duty of the range officer to make sure that all safety and range rules are obeyed, that flags are set and shooting progresses in a safe and orderly manner. Range officer duties may be transferred to another person at any time. If the current range officer is ready to leave a range then someone else must take that person's place.
9. Your target must be in front of your shooting position, no cross firing is allowed.
10. Keep your finger off of the trigger until you are ready to fire.
11. Eye and Ear protection must be worn by all persons when on a live Range.
12. When you arrive at the range check the signs to make sure the range you plan to use is open. If it is not, then go to the range that the signs indicate is open and find out if it is in use. Do not change any signs until you have made sure it is safe to do so. **DO NOT FIRE ON A CLOSED RANGE.**
13. Drinking alcoholic beverages or being under the influence when engaged in shooting activities is strictly forbidden.
14. Absolutely no shooting of jacketed ammo at steel targets at less than 200 m.
15. Any persons observed breaking a Range or Safety Rule and who is unwilling to correct their behavior is subject to disciplinary action by the Club Executive. Persons involved with infractions such as theft, hunting or vandalism will be reported to the appropriate authorities immediately.

These are general rules and apply to everyone during normal range operation. Organized events may have other rules so make sure you attend safety meetings.

**READ AND OBEY ALL POSTED RULES AND SIGNS.**

### **New Member Orientation**

Range Orientation is a mandatory requirement for all new members and former members who have not renewed their membership for 2 years. The Orientation Officer's telephone and email address are on the website.

**[www.heffleycreekgunclub.com](http://www.heffleycreekgunclub.com)**

- 1. Print the application form and read the range and safety rules from the website.**
- 2. Contact the Orientation Officer to set up an appointment.**
- 3. On the day of orientation bring a completed application with a cheque for the correct membership fee plus \$10 for the orientation fee, your PAL and appropriate eye and ear protection. Meet the Orientation Officer at the gate to Heffley Creek Gun Club.**
- 4. Gate unlocking and locking procedure and rules around gate control will be explained. Signing in procedure will be explained especially in regards to bringing guest(s). Range closures because of special events and cattle grazing will also be clarified.**
- 5. Range and safety rules will be handed out and discussed on site at the rifle and pistol ranges. Signage for the opening and closing of different ranges will be explained along with safety and cleanup demands. You bring it to the range, you take it home.**
- 6. Members have no access to the shotgun tower, black powder trails and cowboy area without prior approval and certification from an appropriate director. Members need to be actively involved in shotgun, black powder or cowboy to use these venues; however the majority of members use the rifle and pistol ranges only.**
- 7. Club history, range configuration, roles and authority of the club executive and range officers will be discussed.**
- 8. On completion of the orientation, the officer will collect the fee, certify the application form and issue a membership card along with a key to the range.**

For schedules and Forms:

We are Eco-Friendly!

### History of the Heffley Creek Gun Club

In 1983 a handful of target shooters held a meeting to draw up plans for a target shooting facility and established the Heffley Creek Gun Club.

So began an association of target shooters sharing common interest. Some primary responsible individuals were Jack Walton, Elmer Hart and Norval Card.

Our club was registered under the societies act on the 19th day of July 1983, making it an official non-profit organization. Objectives are to provide club facilities for the use of our club members, and promote responsible use of firearms. The Club attracts people from all walks of life, with members aging from 12 years old to some 80+ years of age.

The facilities consist of a shotgun tower and trap house, a covered 200 meter Pistol range, a Black powder range with several trails, a Cowboy action shooting facilities, and a covered 500 meter Rifle Range with 10 benches. Our facilities host many years of popular Black Powder "B.C. Rendezvous", Cowboy Action Shooting events, and Small bore and High Power Canadian National Silhouette Championships.

Currently our membership is over 200 members. The membership fees are amongst the lowest in B.C. and include \$5,000,000 liability insurance. The range is located 4 km from the Heffley Creek store traveling east on the Sun Peaks - Todd Mountain road, and from there you turn left onto Sullivan Valley road and drive approximately 2 km to the gun range gate.

## HEFFLEY GUN CLUB OFFICIAL LOGO

The Heffley Creek Gun Club executive directors of 2017 voted on the many submissions to be the Official Logo of the Heffley Creek Gun Club.

The winning logo, drawn by Leah Stroughton was chosen.

It has been digitized at Production Habit on Tranquille and anyone can go and use the logo to put on any hat or clothing you wish (you pay for).
